MRS. KABER'S FATE MAY BE IN JURY'S HANDS BY FRIDAY

Defense Expects To Rest Murder Case This Afternoon.

COURTROOM FILLED WITH WOMEN, GIRLS

Crowd Is Hostile To Woman Accused Of Plotting Husband's Death

Cleveland, July 14.—The fate of Mrs. Eva Katherine Kaber, charged with plotting the murder of her husband, Daniel Kaber, may be known tomorrow.

The defense expects to rest its case this afternoon. It is not certain whether the accused woman will take the stand to bare her past in a supreme effort to escape the electric chair, her counsel announced. She was not able to testify this morning.

The courtroom overflowed with women and young girls, dressed in gay organdies or bright colored sport suits eager to hear the details of the story the accused woman was scheduled to tell.

It was a crowd hostile to the woman and as the terrified creature in the defendant's chair sat with her head resting on her arms, again on the verge of collapse, the women spectators made the court room hum with murmurs of approval whenever the state scored a point.

The court was compelled to call them to order when Dr. James Hassell, mental expert, who had previously declared the woman insane, admitted on cross examination she has the mental capacity to distinguish between right and wrong.

On the previous examination the alienist declared her not a free agent at any time in planning the murder of her husband. She has been insane practically all her life, the physician testified.

If the defense rests this afternoon the state will call up one or two more witnesses tomorrow morning and the case will go to the jury in the afternoon.

NEW CITY ORDINANCE AFFECTS GAS STATION ON M'KINLEY AVENUE

The ordinance passed Tuesday night by city council regulating the maintenance, construction and location of public oil or gasoline filling station at Ohio and McKinley aves on the G. S. Dunn property which was recently sold to the Standard Oil company.

One section of the ordinance reads that no oil or gasoline filling station shall be constructed within 500 feet of any school or church. St. Paul's Catholic church and school are within 300 feet of the proposed station.

The ordinance also provides that the consent of two-thirds of the residents must be obtained. This will be impossible according to attitude of residents who have protested against the construction of a gasoline filling station there.

WARNS AGAINST DANGER OF OLD SWIMMING POOL

Columbus, July 14.—State Health Director Snively has sent a number of his inspectors to test out some of Ohio's larger swimming pools. Dr. Snively requested that persons finding disease-breeding conditions about these public pools to report the matter without delay to the state health officials.

"Issuing a warning against the danger of the public swimming pool, Health Director Snively said that it isn't reasonable to think that with a small stream of water entering these pools and from 3,000 to 4,000 swimmers in during a single day, the water can be pure and free from germs.

THIS COUNTY IS RICH IN MINERAL RESOURCES

Ranks Second In State In Quality And Volume Of Fire Clay; Many Other Minerals Found.

Wilbur Stout, Clarence Moses, R. E. Lamborn, and L. G. Rossberg, who are in the employ of the State Geological Survey department, have headquarters in Lisbon and are making an economic survey of Columbiana county. The party is in charge of Mr. Stout. The three members of the party first named have been in the county for some time, but Mr. Roseberg joined them only recently.

Enough observations have been taken to warrant these men in stating that so far as its mineral resources are concerned Columbiana county is one of the richest in the state. There are three veins of coal being mined, Nos. three, five and six, the latter being the most valuable. Other veins appear in pockets or in shallow strata, but are not generously workable.

Limestone is also found, although it is not being used to any great extent. There is also an abundance of shale, such as is used in making paving bricks.

Ranks Second In Fire Clay

Mr. Lamborn, in discussing the fire clay deposits, said that the county stood second in the state in the volume and quality of its fire clay. It is found practically all over the county under No. 3 coal vein and finds a ready market for the manufacture of bricks, tile and other products outside of the county, and is also used for manufacturing of these products at many points in the county. The deepest vein being worked is near Wellsville, Mr. Lamborn stated. All the clay is of a high quality, some of it being plastic and deeper down being of a flinty nature.

Mr. Moses is gathering samples of all geological deposits and has shipped quite a number of fossil specimens to Columbus. Mr. Roseberg is making a special survey of oil and gas wells and will map the county, showing the location of every well drilled.

The survey so far has disclosed the fact that the glacial area extends much further south in the county than the old original observations and maps show and that the county was right in the path of the glacial drift, huge boulders and other deposits being found that evidently came from the extreme north and northwest, carried here by the great icebergs.

Deposits of Natural Cement

Deposits of natural cement in a lime stone deposit were found. It is being mined and manufactured just northeast of Lisbon. It is the only place in the state that such cement is made. It is a slow setting cement and is used principally in safe making and for fireproofing.

Deposits of what is commonly known as kidney iron ore are found, but of such a low grade that it has at the present time no commercial value, although in earlier days before the finding of the richer ores in the upper lake regions this ore was mined and manufactured. They found the site and ruins of the second oldest iron furnace in the state on the McKinley farm just northwest of Lisbon. It was constructed by Gideon Hughes in 1808, and later operated by the father of President Wilam McKinley, who abandoned it and went to Niles and embarked in the iron making business on a larger scale. For many years after that the ore was mined and shipped to the furnaces.

While these men take samples of all geological formations, the primary object is to get data upon such deposits as have commercial or economic values.

Offers Reward For Arrest Of Stone Hurlers

The Salem Chamber of Commerce is in receipt of a letter from I. L. Held, a former Salem man, now manager of the Minneapolis Threshing Machine Co., of Tuscola, Ill., offering an additional reward of $100 for the arrest and conviction of one or more of the men who stoned four Salem homes during the recent labor troubles.

This reward is additional to the $100 offered by the Salem Chamber of Commerce at that time.

"Has the old Quaker town, the town of my birth, Salem, Ohio, given way to anarchy?" Mr. Held asks in his letter.

Mr. Held says he is called "uncle" by Mr. and Mrs. Kibler, deaf mutes, whose home was stoned. He expresses his appreciaton of the efforts put forth by the Chamber of Commerce for the arrest of the assailants.

CADETS BREAK CAMP; EXPECT TO RETURN

The Emanuel Lutheran cadets who went into camp Monday on the Webber farm on Beaver creek were forced to return home Wednesday before they had finished their intended stay, on account of the unfavorable weather. There were 14 boys in the camp accompanied by their pastor, Rev. B. E. Rutzky.

The boys spent their time swimming and in games, and did their cooking in open air trench style. Steven Fernengel placed his truck at their disposal for transportation, and spent the nights at the camp.

The camp tent was left standing with the hope that more favorable weather wil permit the cadets' return to camp.

E. LIVERPOOL ROAD OPEN

The Salem-East Liverpool road is now open to traffic, it was announced from the office of the county surveyors Thursday morning.

Repairs just south of Lisbon, which closed the road nearly to West Point, have been completed.

George Reamer

George Reamer, aged resident of New Alexandria, died Wednesday evening at his home after a long illness.

Mr. Reamer was a son of John and Mary Reamer, pioneer residents of that vicinity. He was a farmer.

He was twice married. One son, John Reamer of Alliance, by the first marriage survives with the widow and two children, Joseph and Allie, at home.

A short service will be at the home at 1:30 p. m. Friday, followed by a service at 2 p. m. at the Christian church, New Alexandria. Burial in Moultrie cemetery.

G. H. Mounts, W. E. Mounts, Walter Mounts, D. L. Mounts and J. A. Mounts, this city, will be pallbearers.

Mr. and Mrs. N. O. Baunaeb, Newgarden road, attended the funeral of a relative Wednesday at Canal Fulton.

USE WORLD'S GOLD TO REVIVE TRADE--BANKER

Crissinger Declares Sound Basis For Trade Is Prime Necessity

Cleveland, July 14.—Pointing out that a sound basis for international trade and exchange was the prime necessity for world economic revival, D. R. Crissinger, comptroller of the currency, proposed to the Ohio State Bankers association in convention here today that the world's gold to be used to establish an international credit system, so as "to prevent those violent flactations in exchange which render so dangerously uncertain all processes of trade."

"It seems to me," he said, "that we would make a better use of the gold resources which we possess if we would use them first to establish a firm, secure and adequate gold basis for international commerce."

The trouble with monetary systems now, he said, was that gold had been heaped up in too great piles in a few nations, especially the United States, and the nominal gold standard of other countries had almost disappeared.

He said he believed an international gold credit system would enable, by geting world trade restarted, the poorer nations eventually to return to a gold standad.

Novelty Contests Feature Picnic Of Methodist School

Three hundred Methodists enjoyed an old fashioned outing Wednesday at Eagleton glens.

Dallas Keller, chairman of the transportation committee, obtained enough automobiles to transport the crowd to the grounds.

Mrs. W. A. Tetlow, assisted by the women, provided a basket dinner at noon and also in the evening. Ice cream was furnished by the Sunday school.

Charles Cornwall supervised a program of novelty sports. The names of the prize winners follow:

One legged race for boys, Walter Harsh; 50-yard dash for men, Robert Matthews; 50-yard dash for boys, Thurlo Thomas; 50-yard dash for girls, Leota Eakin.

Ladies' race, Mrs. Raymond Fletcher; nail driving contest, Mrs. Duncan; boys hump race, Walter Harsh; girls' side step race, Clara and Mary Thomas; boys' side step race, Edwin Muntz and Chester Gibbons.

Boys' face up race, Walter Harsh; horse race, four heats, Oscar Hively and Irene Parsons; needle threading contest, Mrs. H. H. Scott and Mrs. Fred Gibbons; peanut race, Mrs. Frank Stoudt; tug-of-war, won by Neil Erzinger's team.

Ireland's Peace Parley Opens; Riots Resumed

Serious Clashes Between Police And Crowds In Belfast

London, July 14.—The preliminary Irish peace parley between Eamonn DeValera, "president of the Irish Republic", and Premier Lloyd George was inaugurated at 4:30 p. m. today in the historical residence at 10 Downing st.

Premier Lloyd George and DeValera cordially shook hands when they met. As the two entered the cabinet room where the British ministers meet to discuss questions of state, crowds knelt on the wet pavement of Downing st and recited the Rosary.

As the peace conversations were getting under way word came from Belfast of fresh disorders and it was apparent that neither the Unionists nor the Sinn Feiners in the Ulster city are going to observe the armistice to the strict lettter.

A girl was shot dead at Belfast and two men and a boy were wounded. There was much shooting in the streets of the city during the greater part of the night.

There were serious clashes between police and disorderly crowds in Belfast late Wednesday and several casualties resulted from fusillades in the York street section.

SEARCHERS CAN'T FIND DEAD MAN NEAR TRACKS

A report was received Wednesday night at the Pennsylvania ticket office from the crew of a passenger train that a dead man was lying beside the tracks, west of Salem.

A searching party was formed but was unable to locate any trace of the accident victim. One man was seen sitting on the west of the tracks and it is possible that he might have been the "dead man" referred to by the train crew.

HAYNES PROMISES TO MAKE COUNTRY LITERAL SAHARA

Prohibition Head To Center All Responsibility In State Directors

CHIEF ADMITS IT'S "WHALE OF A JOB"

Expects To Take Politics Out Of Enforcement, He Declares

Washington, July 1. Roy Haynes, prohibition commissioner, after a month in office prophesied today that the United States will be a literal Sahara under a plan he has evolved to center all responsibility for enforcement in state directors.

Commissioner Haynes admitted that the task before him is a "whale of a job" but he believes he is equal to it, and through greater efficiency which he aims to establish he predicted that all the liquor "leaks" will be closed, that liquor lawlessness will gradually subside and that public sentiment will become more strongly crystalized in favor of rigid enforcement.

Reminded of the prediction of his predecessor that the United States would not be dry for 100 years, Haynes said that in the future enforcement work would not be characterized by the "sad mistakes" made in the first year of the prohibition experiment, and that he is confident of stamping out the illegal liquor traffic.

Haynes expects to inject greater efficiency. He will take all politics out of enforcement.

He is determined to clear the air of this difficulty by filling vacancies at once, so that enforcement work in all states can go ahead.

"Good men will fill these jobs, whether Democrat or Republican," said Haynes.

Commissioner Haynes said the principal handicap is inadequate funds to check liquor violators.

Haynes said since taking office he has brought his forces of dry agents and headquarters to a total of about 2,000 men, only slightly below the allotted number.

Ball Game, Races Enjoyed At Picnic Of Presbyterians

A ball game between the "Reds" and the "Blues" of the Men's Bible class was an interesting feature of the annual picnic of the Presbyterian Sunday school Wednesday afternoon at Centennial park. The game was won by the "Blues", 8 to 4, with James Daugherty in the box. Herman Wright pitched for the losers.

Names of winners in the races which provided entertainment follow:

Three-legged race, George Emeny and George Bowman; rope skip race, Mary Smith; boys' shoe race, George Bowman; boys' ball throwing contest, James Fogg; Girls' ball throwing contest, Dorothy Duncan.

100-yard dash, intermediate boys, George Bowman and James Fogg; 100-yard dash, junior boys, William Chalfant and Irvin McConnell; 50-yard dash, junior girls, Jeanette and Elizabeth [illegible]iddle; 50-yard dash, intermediate girls, Mary Smith and Theda Knauf.

A picnic supper was enjoyed. About 300 attended the picnic.

SUSPECT IN ASSAULT CASE PROVES ALIBI

One suspect in the assault case Tuesday night when James Daley, Deming company employe, was struck over the head with a black jack as he was enroute home about 10 o'clock, was questioned in Mayor John W. Post's court Wednesday afternoon. He proved his innocence and was released.

Th suspect was detained upon complaint of Daley who believed he was the one who committed the assault.

Daley claimed Wednesday that two men assaulted him. One had a black jack and the other carried a club. The one with the black jack caught him a glancing blow on the head stunning him for just a moment.

Daley thought he recognized the assailant who used the black jack. The suspect proved a strong alibi and was released.

Japs To Join Disarmament Conferences

Reply Silent On Proposal To Discuss Far East Problems

Washington, July 14.—Japan has informed the United States that she will be "happy to participate in a disarmament conference at Washington" but failed to announce her unwillingness to participate in a conference concerning Far Eastern policies, it was announced at the state department today.

China also has informed the United States of her acceptance of the invitation extended by President Harding to attend the proposed conference, it was announced.

It was emphasized by officials that Japan has not expressed an unwillingness to participate in discussions of Far Eastern problems but the facts remain that the acceptance applied only to a disarmament conference. Officials have by no means given up hope that Japan eventually will agree to accept President Harding's invitation without reservation.

FOREIGN INDEBTEDNESS WILL NOT BE CANCELLED

Washington, July 14.—Proposals for a cancellation of any parts of the eleven billion dollar foreign indebtedness to the United States will not be entertained or accepted by the administration, Secretary of the Treasury Mellon stated today before the senate finance committee.

Nor is it the intention of the treasury department to make any further advances on the foreign commitment bequeathed to it by the Wilson administration, Mellon explained.

SIX SALEM WOMEN SWORN AS JURORS IN ANDREI TRIAL

Morning Occupied In Picking Jury; Recess Taken Until Afternoon

MRS. HELEN SILVER FOREMAN OF JURY

Mayor Spurns Defendant's Offer To Pay Fine, Escape Jail

BULLETIN

Late Thursday afternoon Andrei changed his plea to guilty and Mayor Post fined him $50 and costs and sentenced him to serve 30 days in city jail.

The jail sentence was suspended providing the defendant does not engage in the soft drink business in Salem.

For the first time in the history of Salem women have been selected to serve on a jury in mayor's court.

Six women and six men were chosen Thursday morning for jury duty in the trial of the city of Salem against Tefil Andrei, charged with operating a disorderly place of business at 165 Broadway.

The jury as sworn in includes Mrs. Helen Silver, foreman; Mrs. C. A. McKinley, Mrs. Paul Lowry, Mrs. Oscar Mellinger, Mrs. Elizabeth Jacobson, Dr. Della Walker, John A. Cronin, R. S. McCulloch, Alex Chalfant, Warren Evans, Frank Smith and G. M. Fink.

Eight Are Excused

Eight prospective jurors summoned by Mayor John W. Post were examined and excused.

City Solicitor John E. Scott represents the city and Attorney H. L. McCarthy is counsel for the defendant.

The selection of jurors occupied the greater part of the morning. A recess was declared until 1:30 p. m.

During examination of prospective jurors Wilbur Hiddleson, Jennings ave., was excused because he is a member of city council.

Chal Miller, S. Grove, Miss Zilla Stamp and Mrs. E. G. Beheler were excused.

Attorney H. L. McCarthy challenged Mrs. James Boyle, Miss Laura Shilling and R. H. Stiffler.

When asked by Attorney McCarthy, "Have you formed any opinion in this case and do you know any reason why you should not render a fair and impartial verdict from the evidence introduced?" each gave various reasons.

Miss Laura Shilling stated she was prejudiced against liquor. She had read the newspaper account relative to the case and could not render a fair and impartial verdict as she had already formed an opinion, she said.

Mrs. James Boyle told the attorney for the defense that she had discussed the case and her opinion was formed.

R. H. Stiffler, janitor at the city hall, was excused because he is in the employ of the city.

Wants To Escape Jail

Proposals for the eliminaon of the trial by the defendant pleading guilty to the charge were made to Mayor John W. Post by Attorney H. L. McCarthy providing the sentence of 30 days imprisonment in connection with the fine of $50 as required for operating a disorderly house be suspended, according to information given out Thursday morning previous to the selection of jurors.

Mayor Post stated Thursday morning that the case would proceed and the defendant given the maximum punishment if found guilty of operating a disorderly house.

WIDOW'S ALLOWANCE REDUCED BY JUDGE

Probate Judge Lodge Riddie has made a ruling in the estate of John E. Murray, late of Salem. The appraisers of the estate fixed the widow's allowance for a year's support at $2,000, but heirs asked to have the amount reduced.

After going over the matter, Judge Riddle reduced the amount to $1,200, the widow having the use of the house in addition to this amount. The estate was valued at $6,520, one third of which amount also goes to the widow as her dower.

ENLIST DIVINE AID TO END DEPRESSION ERA

Church Of God Calls For Period Of Fast And Supplication

Akron, July 14—Divine aid is to be enlisted in breaking the period of financial and industrial depression, according to announcement made today by members of the Church of God.

The notice calls upon all members of the organization to begin a period of fast and supplication with the dawn of tomorrow.

Churches of that faith throughout the country have received similar notice and will join in the fast and prayer services, Rev. A. J. Tomlinson says:

"God called the business depression to test the faith of his people and so that they 'will cry more earnestly after Him' as a result, there has been great suffering and the people are turning to God as they never did before."

It is expected that by the fast and prayer service, God will be convinced that the depression is working a great hardship on his people and that He can best be served if he permits prosperity to return.

Disarmament

PARLEYS between the principal allied powers on the subject of limitation of armaments may be expected to begin within a reasonable time. President Harding has inquired if it would be agreeable to them to participate in such discussion and if the manifestations of sentiment in the allied countries are to be accepted at face value, the great powers have been found responsive to the idea of limiting expenditures for armaments, by mutual agreement.

Coupled with the question of disarmament is to be a discussion of the problems of the Pacific and the Far East. This is the consistent course to pursue, since it is well recognized that the most puzzling features of international relations and those which are now most potential for trouble exist in the Orient. America's attitude toward the renewal of the Anglo-Japanese alliance is clearly defined, and while it is the desire of Great Britain and Japan to renew their treaty, both are moving cautiously lest their proposals may meet opposition from the United States.

Hence the plan to include the Far Eastern situation in the discussion of limitation or armaments is a wise one, so that there may be a frank understanding of the intents and purposes of the powers and no ground left for misapprehension or dispute. Any movement looking to the limitation of armaments would be doomed to failure is left clouded in the mists of suspicion and secrecy.

In each of the allied countries tax burdens oppress the people, and become more oppressive as new dreadnoughts are constructed in the rivalry for naval strength. For that reason suggestions looking to a reduction of armaments of all the great powers have awakened favorable responses among the populations.

The sentiment in this country for disarmament under proper conditions is very pronounced, based not only upon the tremendous expenditures involved, but also upon the emphatic opposition in the public mind to the building up of a big army and navy. It was in deference to this sentiment that President Harding, acting under the powers conferred on him by the constitution, took steps to ascertain the feeling of the allied powers on the subject.

There is, of course, the possibility that the movement for disarmament may fail; that an agreement among the powers may prove unattainable. That is an eventuality unpleasant to contemplate, but if it should come to pass, it will have been found that the United States was wise in continuing the construction of a navy adequate in every respect to protect its interests anywhere in the world and under all conditions.

The Bonus Must Wait

THOSE timid creatures who fear the postponement of the soldiers bonus bill is going to rase hob with the Republican party in ensuing elections are not very complimentary to the American veterans of the World war. It is an insult to every living soldier to suggest that his political views would be dictated not only by his desire for the welfare of the country for which he fought, but by a tip for patriotic service.

The Republican party did not come into power on any such promise, and any party which would do so would be guilty of purchasing an election. The Republican platform of 1920 distinctly said: "We hold in imperishable remembrance the valor and the patriotism of the soldiers and sailors of America who fought in the great war for human liberty and we pledge ourselves to discharge to the fullest obligations which a grateful nation justly should fulfill. Liberal legislation for the care of the disabled and infirm and other dependents has ever marked Republican policy toward the soldier and sailor of all wars in which our country has participated."

During the present congress many millions have been provided for the maimed and disabled. The platform promise is being well kept. It has the entire support of the administration and Secretary Mellon, in his letter to the senate advising against the passage of the bonus bill at this time, said: "Our first concern, of course, should be to make full provision for the needs of disabled veterans. To that object the country is pledged to give without stint of its resources. It would be unfortunate in the extreme, while we are still struggling with that problem, to dissipate our resources in a sweeping plan for cash payments to able-bodied ex-soldiers and sailors."

It is one of the results of the Democratic orgy of money spending that the Republican party has inherited collossal obligations and the American people have been pledged to pay them. Until some practical plan has been worked out for that purpose, the bonus must wait.

An Easy Way For Thin People to Put On Flesh and Gain Weight

Strong, Straightforward Advice to Thin, Undeveloped Men and Women

If you are thin, scrawny and undeveloped, if your face is peaked and your cheeks and neck exhibit unsightly hollows, it's almost certain that your nervous system is at the bottom of the trouble. You can eat three, yes four, substantial, fat producing meals a day but as long as your stomach has an insufficient supply of nerve force this food you eat will pass out of the body with little if any benefit.

In order to assimilate properly the nourishing food you eat and convert it into healthy tissue and fat the nerves that control the process of digestion and assimilation must be put in firstclass shape and until that is done you might just as well quit trying to put on flesh. Your system is starving for something that will turn the food you eat into healthy stay there flesh and it can only be done in one way—by correcting faulty nervous digestion.

Thin, nervous, run-down people, however, with impoverished blood and half starved looks are hailing with delight a quick and certain maker of solid flesh called EVANS' TRIPLE PHOSPHATES that is unequalled for repairing faulty digestion and correcting nervous digestive troubles. In fact the makers of Evans' Triple Phosphates guarantee that one month's treatment will increase your weight by several pounds and within ten days make you feel like a new being, full of ambition, vigor and a desire to accomplish things. Bennett Drug Co., J. H. Lease Drug Co., Floding's Pharmacy, Bolger & French and leading druggists everywhere have agreed to supply Evans' Triple Phosphates and guarantee it to do just what is claimed for it or money refunded.

Caution: While Evans' Triple Phosphates accomplishes wonders in nervous digestive troubles and as a general nerve tonic, it should not be taken by anyone who objects to a few additional pounds of solid stay there flesh.

POTTERS START WAR AGAINST LANDLORDS WHO BAR CHILDREN

Atlantic City, July 14.—A nation-wide drive against landlords who discriminate against families with children was launched today by the National Brotherhood of Operative Potters in convention here.

State laws are to be urged that will make this discrimination illegal and punish offenders with heavy fines. The different sections of the national organization are to take up the question with the state and national legislative representatives with the purpose of getting immediate action. Speakers on the floor promised that the needed action would be brought to the attention of congress just as soon as the convention closed.

Effort is to be made to include in the laws clauses which will prohibit newspapers and other publications from printing advertisements of properties which discriminate against children. Statements were made of how serious a menace to the birth rate in the larger cities of the country this practice of landlords constituted. One speaker declared that thousands of apartments in the country barred children of all ages but yet would permit dogs.

All labor organizations of the United States are going to be requested to join in the movement that the scope may be national. The resolution is to be presented to the national officers of these different organizations that similar action may be taken.

Six resolutions dealing with wage increases in kiln work were rejected by the delegates at the close of the day's session Wednesday.

Kidney and Bladder Troubles Have To Go

Clogged up Kidney Deposits Are Dissolved and the Toxine (Poisons) Completely Driven Out. Druggists Told to Guarantee it in Every Instance.

"Your very life," says Dr. Carey, "depends upon the perfect functioning and health of your kidneys so whatever you do don't neglect them."

Dr. Carey's famous prescription No. 777 known as Marshroot is not recommended for everything, but we cannot too strongly urge its use if you suffer from annoying bladder troubles, frequent passing of water night and day, with smarting or irritation, brick dust sediment or highly colored urine, bloating, irritability with loss of flesh, backache, rheumatism or any other tendency to Bright's Disease, Diabetes or Gravel, for kidney disease in its worst form may be stealing upon you.

Don't wait until tomorrow to begin the use of this wonderful prescription if you have any of the above symptoms. Kidney and Bladder troubles don't wear away. They will grow upon you slowly, stealthily and with unfailing certainty.

Never mind the failures of the past if you even suspect that you are subject to Kidney Disease, don't lose a single day for the J. H. Lease Drug Co., Floding's Pharmacy, and Bolger & French. and every good druggist has been authorized to return the purchase money on the first two bottles to all who state they have received no benefit.

"WORKED WONDERS IN MY HAY FEVER" STATES H. ANKRUM

Kerker Asthma and Hay Fever Remedy Saved Him From Laying Off From Work

"It worked wonders," is the concise statement of Harold Ankrum, sufferer from hay fever, after taking Kerker's Asthma and Hay Fever preparation. Mr. Ankrum lives at Gratiot, Licking county, Ohio. His statement follows:

"I took Kerker's Asthma and Hay Fever preparation in 1920 for hay fever and it worked wonders. I only lost three days' work. If it had not been for the Kerker preparation I would have had to loaf all season, as I had done in other years. I heartily recommend the Kerker preparation.

STATE FAIR OFFERS PRIZES TO CHILDREN

Columbus, July 14.—A feature of the Ohio State fair, to be held here Aug. 29-Sept. 3, will be the awarding of $5,575 in prizes to boys' and girls' clubs, representing various parts of Ohio. Those wishing them, may obtain from the county agricultural agent, or the club leader, a 32-page special premium list.

Prizes will be awarded the young folks for the usual classes and breeds of swine, beef cattle, dairy cattle and poultry, and for clothing and food club products, and in connection with canning demonstrations by the club girls. The five winning teams will receive silk banners. Prizes totaling $600 will be awarded at the state-wide judging contest to be held at the state fair by the boys and girls.

COURT NEWS

Sues Colored Barbers

Walter Allen and William H. Prior, East Liverpool barbers in the Little building, and Carter Lincoln, also operating a barber shop in the city, where the trade of white people only is catered to, were sued on Wednesday for $500 each, by William W. Lambert, also colored, who demands that the court shall decide as to whether the drawing of the race line when it comes to service in barber shops, does not entitle the person refused such service to damages.

About a week ago Lambert filed two separate actions against other East Liverpool barbers demanding damages from each, and now he claims that at the Allen and Prior and the Lincoln barber shops, on the 25th of last month he was refused the service uniformly extended to the general public, simply because he was of African descent, and by men of his own race. He was told at each shop he claims, that they catered to white trade only, and that it would injure their business to shave him in the shop.

Attaches Farm

Carrie Tinney Lisbon young woman has caused an attachment to be issued against a small farm on Hepner Hollow, owned by Edward Cooke, who she claims has absconded from Lisbon since the birth of her child, of whom he is alleged to be the father. Miss Tinney recently prosecuted an action in the court of Justice Ferrall charging Cooke with the parentage of her child and he was bound over under $200 bond to the common pleas court.

HALF OF POPULATION OVER 10 YEARS WORKS

Washington, July 14.—More than half of the residents of Ohio cities, who are 10 years of age or over, are engaged in gainful occupations, according to figures made public here today by the census bureau on a number of municipalites scattered over the state.

They are based on census figures of last year, and show that in not one of the cites did the number of workers fall below 50 per cent of the total population of 10 years or more.

These figures include boys and girls as well as men and women. Detailed statistics show that approximately eight out of every ten persons in Ohio who are 10 years old or above, and are engaged in gainful occupations, are males.

The occupational statistics given out today are for Lorain, Lima, Springfield, Steubenville and Zanesville, and are based on the 1920 census.

Martins Ferry—The board of education has let the contract for furnishing coal to the local schools during the coming year at 14 cents for run-of-mine. This will mean a saving of $1,000 as compared with the price of 20 cents a bushel paid last year.

Bellaire — The heat affected the local glass industry. Many shops due to inability of the men to work before the furnace, "knocked off."

Garrett Crawford

Wearing a lovely gown of white taffeta silk and a mantilla brought from Cuba, a gift from the groom, Miss Lois Garrett, Tenth st, became the bride of Carl Crawford, Camagaguey, Cuba, formerly of Leetonia, at a most charmingly appointed wedding at 1 p. m. Thursday at the Methodist Episcopal church. She wore a corsage bouquet.

The double ring ceremony was read by Rev. H. H. Scott in the presence of about 60 relatives and friends.

Yellow daisies and ferns contributed their beauty to the scene.

Mrs. Theodore Daniels, Wheeling, W. Va., a cousin of the bride, was the matron of honor. She wore an orchid gown and carried an armful of Ophelia roses. The bridesmaids were Misses Gretchen Yengling, Myra Jessup and Janice Hiddleson, Salem, and Miss Marjorie Hoyt, Norwalk. Miss Yengling and Miss Hoyt were gowned in white crepe de chine; Miss Jessup wore a changeable yellow satin dress and Miss Hiddleson's dress was of yellow crepe de chine. Each wore a corsage of sweet peas. Richard Bally, Wheeling, W. Va., cousin of the bride, was best man. The ushers were Edward Konkle, Leetonia; Earl Walmsley, Providence, R. I.; Gerald Shontz, Camagaguey, Cuba, and Marcus Gilbert, Leetonia.

While the guests assembled Mrs. E. M. Wilson played several numbers on the pipe organ and also played during the ceremony. She used Lohengrin's wedding march.

Following the ceremony there was a reception and luncheon in the church parlor. Here yellow and white tones predominated in the pretty decorations. A basket of yellow and white snapdragons graced the center of the bride's table and yellow and white candles lent attractiveness to it.

The bride is the only daughter of Mr. and Mrs. W. S. Garrett, Tenth st. She is a graduate of Salem High school and until recently had been employed at the Spring-Holzwarth store. Mr. Crawford is a son of Mr. and Mrs. A. A. Crawford, Leetonia. He is superintendent of the Camagaguey Electric Railway, Camagaguey, Cuba.

Among the guests were Mrs. Deborah White, Colerain; Mrs. George Ryerson, Norwalk; C. M. Crawford and daughter, Akron; Mr. and Mrs. Barber, Cleveland; Mr. and Mrs. Rhoades, Mrs. F. R. Hollinger, Mrs. J. E. McDonald and Mr. and Mrs. W. R. Elwonger, Leetonia; John Jessup, Youngstown; Miss Hazel Ketchum, Norwalk, and Miss Mary Ketchum, Cleveland.

Ordinance No. 210,712-D

To Amend Section 2 of Ordinance No 210,323-A, Passed March 23, 1921.

Be it ordained by the council of the city of Salem, state of Ohio, that Section 2 of ordinance No. 210,323-A, passed by this council on March 23, 1921, be amended to read as follows:

"SECTION 2—To provide the means to extend the time of payment of said indebtedness, which from its limits of taxation the city of Salem, Ohio, is unable to pay at maturity, there shall be issued the bonds of the city of Salem, Ohio, to the aggregate amount of $66,286.69, which said bonds shall be in the denomination of $500 each, except bonds No. 1 and 17, of which bond No. 1 shall be for $650, and bond No. 17 shall be for $1,236.69; said bonds shall be numbered from one to one hundred and thirty-two, both inclusive; bonds numbered one to sixteen, both inclusive, aggregating $8,150.00, being for the purpose of funding judgments set forth in Section 1 of this ordinance, and bonds Nos. 17 to 132, both inclusive, aggregating $58,726.69, being for the purpose of refunding the bonds set forth in Section 1 of this ordinance. All of said bonds shall be payable at the office of the treasurer of the city of Salem, Ohio, and shall bear interest at the rate of six per centum per annum, payable semi-annually, at the same place. Said bonds shall be dated May 15, 1921, and shall mature as follows: Bonds Nos. 1, 2, 3 and 4 on the 15th day of January, 1924, and eight of said bonds in their numerical order on the same day of said month of each year thereafter until all of said bonds are paid."

This act is hereby declared to be an emergency ordinance necessary for the immediate preservation of the public health, peace and safety, by reason of the fact the bonds and judgments herein set forth to be refunded are past due, and it is very necessary to raise the necessary money in order to maintain the peace and safety of said city, therefore this ordinance shall take effect and be in force from and after its passage. Passed July 12, 1921.

DAUGHTERY MAY PITCH FOR MASONS SATURDAY

The Masons will play their first game of the season against the Deming club at 3:30 p. m. Saturday at Reilly field.

Manager R. R. Read has been putting the team through stiff practice two nights a week and has developed a fast ball club that is expected to make trouble for the Deming aggregation.

Several old timers who were stars in Salem several years ago will be seen. Billy Jones probably will be on the receiving end. Joe Calladine and Joe Reese will be in the lineup.

Daugherty, former Deming pitcher, probably will be on the mound for the Masons with Joe Lutzenhiser opposing him.

Sunday afternoon the Deming club will play the Salem Sporting society nine, colored team, at Centennial park. The game will start at 2:30.

* * *

CLERKS WIN, 9 TO 0, FROM COLORED BOYS

Tommy Moore, on the mound for the Clerks, held the Salem Sporting society nine to two scattered hits while the Clerks gathered nine runs from "Pete" Johnson in their game Wednesday afternoon at Reilly field. The score was 9 to 0.

The colored boys threatened to score in the fourth inning when Gardner, the first man to bat, hit a sharp single over first base. It was the first hit they secured. Gardner advanced to second and the next batter reached first on an infield error. Moore struck out the next two batter to face him and the side was retired on an infield fly.

The Clerks scored one run in the initial inning and added three more in the third on three hits and two errors. Three more runs were pushed across in the sixth inning and one run added in the seventh and eighth innings.

Poor fielding of the colored athletes was responsible for six of the nine runs scored. Johnson held the hits scattered but errors with men on bases increased the score.

ELKS AT PRACTICE

The Elks baseball team was put through a stiff workout Wednesday afternoon at Reilly field. Captain Scullion pushed the players to the limit for several hours spending the greater part of the time in infield practice.

Schiller was used on the mound for several innings of batting practice and showed up exceptionally well. He has been going slow lately trying to get his arm in shape. Wednesday afternoon he had perfect control and put plenty of stuff on the ball.

Cured His Piles

Now 88 Years Old But Works At Trade of Blacksmith and Feels Younger Since Piles Are Gone.

The oldest active blacksmith in Michigan is still pounding his anvil in the town of Homer—thanks to my internal method for treating piles.

Mr. Jacob Lyon, Homer, Mich.

I wish that you could hear him tell of his many experiences with ointments, salves, dilators, etc., before he tried my method. Here is a letter just received from him:

Mr. E. R. Page, Marshall, Mich.

Dear Sir: I want you to know what your treatment has done for me. I had suffered with piles for many years and used suppositories and all kinds of treatments, but never got relief until I tried yours. Am now completely cured. Although I am 88 years old, and the oldest active blacksmith in Michigan, I feel years younger since the piles have left me. I will surely recommend it to all I know, who suffer this way. You can use my letter any way you wish and I hope it will lead others to try this wonderful remedy.

Yours truly,
J. L. LYON.

There are thousands of afflicted people suffering with piles who have never yet tried the one sensible way of treating them.

Don't be cut. Don't waste money on foolish salves, ointments, dilators, etc., but send today for a Free Trial of my internal method for the healing of Piles.

No matter whether your case is of long standing or recent development—whether it is occasional or permanent—you should send for this free trial treatment.

No matter where you live—no matter what your age or occupation—if you are troubled with piles, my method will relieve you promptly.

This liberal offer of free treatment is too important for you to neglect a single day. Write now. Send no money. Simply mail the coupon—but do this now—TODAY.

More Power with Less Gasoline
Lubricant Carbon Remover Solves the Carbon Problem

LUBRICANT CARBON REMOVER SOLVES THE CARBON PROBLEM

When your motor loses power, when it knocks, bucks and overheats, don't monkey with the carburetor. Send for a can of Lubricant Carbon Remover and pour two to four tablespoonsful into each spark plug hole. Follow directions and the motor will do the rest. It works like a cathartic. You will see the proof in the cleaned spark plugs, and you will get more power and more miles out of every gallon of gasoline. Every can guaranteed. Price, $1, prepaid. Agents wanted.

PESKY BED BUGS

Bedbugs lay an average of seven eggs per day. Under favorable conditions they hatch in five days of which two-thirds are females. They mature to adult size and are capable of laying in four weeks. How many bedbugs would you have in a year if you left one female or egg unmolested for one year? To rid the pesky bedbug, you can readily see how necessary it is to use a preparation that will kill the eggs as well as the live ones. P. D. Q. has been demonstrated by the leading Hospitals, Hotels and Railroad Companies that the safest and most economical way to stop future generations of bedbugs, roaches, fleas and ants is to use the new discovery "Pesky Devils Quietus "P. D. Q."

A 35c package of P. D. Q. makes a quart, enough to kill a million bedbugs, roaches, fleas and cooties and at the same time destroy their eggs.

Impossible for them to exist when P. D. Q. is properly used. Free, patent spout in every package to get the pesky devils in the hard-to-get-at places and save the juice.

Special Hospital and Hotel size $2.50—makes five gallons of P. D. Q.—your druggist has it or can get it for you, or sent prepaid upon receipt of price by the Owl Chemical Co., Terre Haute, Ind. Success of P. D. Q. has caused imitators; genuine P. D. Q. is never peddled.

Sold by J. H. Lease Drug Co., Floding's Drug Co., and other leading druggists.

ANTI-GLARE LENSES MUST BE PLACED ON ALL AUTOS IN OHIO

All automobile owners shortly must equip their cars with anti-glare lenses according to the new Pence law, enacted by the last general assembly, and which goes into effect Aug. 16. The law provides that State Highway Commissioner Leon C. Herrick shall determine just what anti-glare lenses and devices shall meet the state's requirements.

As a result, the state highway commissioner has named an advisory committee which arranged for a series of tests and investigations now being held at Ohio State university to determine just what lenses and anti-glare devices shall be used throughout the state.

The Pence law stipulates that "no headlights shall be used on any motor vehicle upon the highways except after the installation of a device to prevent glare, which device has been certified and approved by the state highway department". The law further declares that lights on motor vehicles "shall throw sufficient light ahead to show any person, vehicle or substantial object upon the roadway straight ahead of the motor vehicle for a distance of at least 200 feet.

Any light thrown directly ahead or sideways shall be so arranged that no dazzling rays or beams of reflected light shall at any time be more than three and one-half feet above the ground on a level road at a distance of 75 feet.

No spotlight shall be used when approaching another vehicle, except when projecting its rays directly on the ground not farther away than 50 feet and to the right of the center of the highway.

Violators shall be fined not more than $25 for the first offense and not less than $50 nor more than $100 for the second offense.

ROAD WORK IS DELAYED BY SCARCITY OF SLAG

Lisbon, July 14.—There is a scarcity of slag for road building purposes. It's all because the furnaces are not "turning out" this refuse.

"We're in need of a lot of slag, but it's harder to obtain now than for years," observes County Engineer Herman C. Armstrong. "We put in an order for 20 or 30 cars and we are weeks getting deliveries. Some of our road work has been delayed because of the scarcity of this material".

Old Sores, Piles and Eczema Vanish

Good, Old, Reliable Peterson's Ointment a Favorite Remedy

"Had 51 ulcers on my leg. Doctors wanted to cut off leg. Peterson's Ointment cured me."—Wm. J. Nichols, 49 Wilder street, Rochester, N. Y.

Get a large box for 60 cents at any druggist, says Peterson, of Buffalo, N. Y., and money back if it isn't the best you ever used. Always keep Peterson's Ointment in the house. Fine for burns, scalds, bruises, sunburn, and the surest remedy for itching eczema and piles the world has ever known.

NERVOUS, IRRITABLE, AILING WOMEN

Mrs. Britten Tells How She Was Restored To Health After Suffering for More Than A Year.

Another Triumph for Lydia E. Pinkham's Vegetable Compound

Dimondale, Mich.—"I had inflammation and a displacement and weakness, and it had been neglected so long that it caused great pain, and this affected my mind and nerves so that I was very irritable. I had severe pains every month, so that I was often obliged to lie in bed for two days at a time. I suffered for more than a year before my friends said, 'Why don't you try Lydia E. Pinkham's Vegetable Compound?' So I purchased one bottle after another until I had taken ten bottles, then Lydia E. Pinkham's Sanative Wash. I received so much benefit from this treatment that I am now able to do my own work."—Mrs. W. D. BRITTEN, R. No. 2, Dimondale, Mich.

Another Michigan Woman says:

"I was bothered for a long time with female troubles and was so nervous I felt almost afraid at times. I also had a pain in my right side and was certainly in a bad way. Lydia E. Pinkham's Vegetable Compound has relieved me of these nervous feelings and pains and I am much better in every way. I don't know just how many bottles I have taken, but I took it for nearly a year and it has done me a world of good."—Mrs. JESSIE GRANGER, R. No. 8, Box 51, Kalamazoo, Michigan.

Good health is a woman's greatest asset. With it she may be the inspiration of her husband, a happy mother, and the life of the home. Without it she suffers agonies herself, household duties are a burden, and her family is made miserable by her condition.

Is it any wonder that these women were nervous and irritable after suffering so long from such deranged conditions? Such ailments act directly upon the nerves, and it has been said that a large percentage of nervous prostration, nervous despondency, "the blues," and nervous irritabilty of women arise from some derangement of the female organism.

If women who are in this condition would only profit by the experience of others and take Lydia E. Pinkham's Vegetable Compound at once, much suffering and unhappiness would be averted, as everyone knows a nervous, irritable, ailing mother makes the home unhappy and her condition irritates both husband and children.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

Votes or volts— don't forget the Little Box

THERE was once a politician of the Optimistic Sort—didn't Hustle Much to Fill the Ballot Box. And there came the Opposition with a Stronger Coalition. And the Politician's Hopes went On the Rocks.

There are optimistic motorists who likewise take a chance. The battery? Oh, "*they* should be annoyed!" But they pull its power down, stopping-starting 'round the town. Till the starter says: "Old Box, you're null and void."

The Prest-O-Lite Battery uses less than one four-hundredth of its power-reserve for a single start—and the generator quickly replaces that.

FESTIVAL, M. E. CHURCH, WINONA, FRIDAY EVENING, JULY 15. EVERYBODY INVITED. 164h

AT THE GRAND

Tom Moore, star of "Hold Your Horses," a Rupert Hughes story produced by Goldwyn which will be presented at the Grand theater for two days, beginning Friday, was hurt twice during the making of the picture. The first time was when he had a screen fight with an "extra" of white hope proportions. A ligament in his neck was strained. Another time a horse stepped on his arm in an accident scene.

Success Means Quality

That's our idea in making Success

THE QUALITY FLOUR

It has the wonderful and exclusive quality which wins on merit alone.

People use Success because they get the results and that taste in their bread, which comes only from the finest flour expertly blended.

Think for yourself when buying flour.

We grind no new wheat until the right time as we have plenty of old wheat and flour on hand. Now is the time to buy

SUCCESS

GEO. S. FOLTZ

We read "'Tis time to buy your coal"
And while of that you think,
Just think about your furnace, too.
Send for us quick as wink.
We fix the old one so it's good,
At very moderate cost,
Or we install a new one
So that no heat is lost.
